

Supporting the Peer Workforce

To our Consumer Connections friends and family. We hope you are staying safe and maintaining your wellness and recovery as you adapt to living, learning, and working from home.

Did you know that between Consumer Connections and our partner organizations, there are virtual support groups for peer workers and supervisors running most days of the week?

Did you know that Consumer Connections has moved some of its most popular training topics online?

Check out our virtual offerings below. As always, Consumer Connections offers all groups and workshops at no cost to participants. We can't wait to see you online!
